

Homegroups

In 2014 the Evangelism Committee introduced Home Groups to the growing list of opportunities for fellowship and Bible study. CHC is a destination church with parishioners coming from 10 or more miles away to worship together on Sundays. Home Groups provide a way for friends and families who live some distance from CHC to gather together close to home for fellowship, prayer, and Bible study during the week. These groups tend to organize themselves geographically like the Diaspora Home Group in Lewisville, or by a common purpose or affinity. At the 2014 homecoming four Home Groups were launched as a pilot project, and now in 2015 after a successful pilot we invite you to help expand this new ministry. Home Groups have the potential to become a powerful evangelistic ministry of the church by creating an opportunity to invite non-parishioners, friends and neighbors, churched or unchurched, to join a group and get to know the love of Christ through an intimate fellowship of believers.
